About this Conference

This Conference has become a unique forum for people from all disciplines and philosophies to gather for in-depth exchange of current information on all facets of violence, abuse and trauma prevention, intervention and research. We are one of the very few conferences that actually includes researchers, practitioners, advocates, consumer-survivors, and front-line workers from all disciplines to share information, discuss controversial issues, and have the difficult dialogues. Topic tracks span intimate partner violence, child maltreatment, children exposed to violence, youth violence, criminal justice issues, sexual assault, people with disabilities, treatment of victims and offenders, elder abuse, trauma, and more. We have strived to infuse our theme of “Uniting for Peace: Linking Research, Policy and Practice to End Violence and Abuse in Homes and Communities Worldwide,” into the presentations as well as into the thoughtfulness and professionalism reflected in the Conference content.

A two-year old Think Tank, composed of renowned national and international professionals, advocates and consumer/survivors in the field of violence, abuse and trauma, has developed into the *National Partnership to End Interpersonal Violence Across the Lifespan (NPEIV)*. The NPEIV is, again, meeting at the Conference to advance its action-based mandate for violence prevention by identifying and addressing gaps and issues facing the fields. Additional information on the goals of the Think Tank and NPEIV is available on our website: www.ivatcenters.org or www.npeiv.org.

The vision of the many Conference co-sponsors, collaborating organizations, exhibitors, and participants is to make a significant positive impact on eliminating all forms of abuse everywhere. We are expecting over 1,000 attendees from all over the globe for an appreciation of multi-ethnic and multicultural perspectives on multidisciplinary trainings and information sharing. Opportunities for networking are scheduled program components, designed to enhance informal discussions of cutting-edge research, prevention strategies, policy changes, innovative methods, criminal justice and legal issues, healthcare approaches, intervention techniques, advanced clinical concepts and skill-building essentials. Everyone will gain from this unique Conference – laying the groundwork for realizing the IVAT, Alliant International University, NPEIV, our Conference Team and attendees' common vision for peace.

Continuing Education

This conference is approved for up to 26 Continuing Education credits for most professions. Continuing Education credits are available for a nominal fee for psychologists by the American Psychological Association (APA), physicians by the American Medical Association (AMA), registered nurses (BRN, CEP# 13737), attorneys (MCLEs, #11600), social workers (BBS, PCE#33), marriage and family therapists (BBS, PCE#33), law enforcement (POST), certified health education specialists (CHES), domestic violence offender treatment providers (DVOTP), child custody evaluators, trauma stress specialists (ATSS), substance abuse counselors (CAADAC Provider #IS-03-499-0111), and other counselors (NBCC #5659).

Different sessions meet many licensure requirements for CEs for child abuse, domestic violence, ethics, aging, substance abuse, child custody, domestic violence offender treatment, and child sexual abuse. Much, if not all, of your annual requirement for CEs can be obtained at this conference.

Collaborating organizations will offer CE credits for professions not covered directly by IVAT. The number of CE credits available depends on the profession and what has been approved by the corresponding accrediting agency.

This activity has been planned and implemented in accordance with the Institute for Medical Quality and the California Medical Association's CME Accreditation Standards (IMQ/CMA) through the Joint Sponsorship of Alvarado Hospital and the Institute on Violence, Abuse and Trauma (IVAT). Alvarado Hospital is accredited by the Institute for Medical Quality/California Medical Association (IMQ/CMA) to provide continuing medical education for physicians. Alvarado Hospital takes responsibility for the content, quality and scientific integrity of this CME activity.

Alvarado Hospital designates this educational activity for a maximum of [26] *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity. This credit may also be applied to the CMA Certification in Continuing Medical Education.

On the Cover: MONARCH SCHOOL MURAL, Reflecting Diversity, Peace, and Negative Impact of Violence and Abuse. Our beloved Monarch School Mural, given to IVAT in 2002, has been digitized, thanks to your generosity! The San Diego School is dedicated to providing homeless and at-risk children with an accredited education, while caring for their basic needs.

I. Conducting Custody Evaluations in the Best Interest of the Child: Techniques, New Legal and Ethical Requirements, and Child Sexual Abuse Issues

20-hour training for Child Custody Evaluators and Mediators

Dates & Times: Thursday, September 9, 2010 (8:00am – 5:30pm), Friday, September 10 (8:00am-12:00pm) and Saturday, September 11 (8:00am-5:30pm)

Speakers: Meera Fox, Esq., Megan Lehmer, Ph.D., Geraldine Stahly, Ph.D., Joyanna Silberg, Ph.D., Seth Goldstein, Esq., Richard Ducote, Esq., Karen Hawthorne, Ph.D., Robert Geffner, Ph.D., ABN, ABPP, Viola Vaughn-Eden, Ph.D., L.C.S.W., Vincent Felitti, M.D.

Sponsored by: Child Abuse Solutions, Inc. and the Institute on Violence, Abuse and Trauma (IVAT)

Beginning/Intermediate

Description: This 20-hour course combines 12 hours of basic instruction in custody evaluation standards of practice and procedures, ethical issues, investigation strategies, legal requirements, use of psychological testing, effects of child abuse and domestic violence on parenting and on child development, and preparation for testifying in court, with 8 hours of advanced training in cutting-edge issues that child custody evaluators and mediators grapple with in their practices. This course satisfies CA state requirements for 20 of the 40-hour initial training for all Custody Evaluators and Mediators [C.R.C. # 5.210(f), 5.220(g), 5.225(d), & Family Code §§1815, 1816, 3110.5(b)(2)].

Continuing Education: Up to 20 hours CE credits for Psychologists, MFTs, LCSWs, Counselors, Nurses, Attorneys, Mediators and Child Custody Evaluators

Fees: \$375 by August 9; \$395 by September 1; \$425 After September 1/onsite

****Those registering for the 20-hour course (Affiliated Training #1) will be automatically registered into Affiliated Training #9 (8-hour Child Custody Evaluator Annual Update).**

There is no need to register separately for this. Separate registration is required for AT #5 (4-hour Domestic Violence Annual Update) which is highly recommended to be taken in conjunction with either the 20 or 8-hour workshops.

Friday & Saturday, September 10 – 11, 2010

2. Abused Kids with Disabilities: A National Training & Support Project – 2 Days

Date & Time: Friday, September 10, 2010 (8:30am-4:30pm) and Saturday, September 11, 2010 (8:30am-4:30pm)

Speakers: Nora Baladerian, Ph.D., Lt. Michael Hertica (ret.), M.S., Candace Heisler, Esq., Gerald Stone

Sponsored by: The Institute on Violence, Abuse and Trauma (IVAT)

All Levels

Description: Trauma is already a major issue for children who are abused, but this is compounded when they also have disabilities. Children who acquire disabilities as a direct result of abuse are also more likely to experience multiple types of maltreatment and trauma. This training will teach specialized approaches to use during the crisis of a child abuse call and afterwards when the victim has a disability.

This is a specific training for first responders, victim advocates, mental health, social service, and allied professionals on the dynamics and complexities of abuse and disabilities, as well as the techniques needed in dealing with such cases, interviewing the victims, and working in collaborative teams.

Note: Attendance at the second day requires the first day or equivalent training

Continuing Education: Up to 14 hours CE credits for Psychologists, MFTs, LCSWs, Counselors, Nurses, Attorneys, and POST

Fees: \$30 in advance for one day or \$50 for both days by September 1; \$35 per day onsite, or \$60 for both days onsite after September 1. Lunch included in fees.

3. Investigation and Prosecution of Child Abuse Cases – 2 Days

Date & Time: Friday, September 10, 2010 (8:30 am – 4:30 pm) and Saturday, September 11, 2010 (8:30 am – 4:00 pm)

Speakers: Victor Vieth, Esq.; Detective Michael Johnson; Angela Scott-Dixon, Esq.,

Sponsored by: The National Child Protection Training Center and the Institute on Violence, Abuse and Trauma (IVAT)

Intermediate

Description: This course is designed for law enforcement officers, prosecutors, child protection workers, forensic interviewers or other child protection professionals participating in a multi-disciplinary response to allegation of child maltreatment. Attendees will learn practical skills in crime scene investigation, suspect interrogation, trial skills (cross examination, opening statements and closing arguments), and cultural sensitivity before, during and after the forensic interview. Attendees will also receive instruction on emerging issues including the investigation of sexual abuse involving pre and non-verbal children, and vicarious trauma.

Continuing Education: Up to 13.5 hours CE credits for Attorneys, Psychologists, Social Workers, MFTs, Counselors, and POST

Fees: \$145.00 by August 9; \$165 by September 1; and \$185 after September 1/onsite

4. Treating Children Living with Grief and Trauma: A Multidisciplinary Approach – 2 Days

Date & Time: Friday, September 10, 2010 and Saturday, September 11, 2010 (9:00 am – 4:30 pm)

Speakers: Mary Beth Williams, Ph.D., L.C.S.W., Carol Ann Ellis, M.A.; Moderator: Arvis Jones

In Collaboration with: Shirley M. Hufstедler School of Education at Alliant International University, Center for Grief and Loss for Children (Program of Hathaway-Sycamore), and the Institute on Violence, Abuse and Trauma (IVAT)

All Levels

Description: This two-day training focuses on the needs of children who experience grief and trauma as a result of homicide in particular and crime in general. Day one deals with the traumatic impacts of homicide and other similar events from the perspectives of PTSD, DESSOS and the newly proposed Developmental Trauma Disorder for DSM-V. Participants will have the opportunity to interact and discuss situations and homicide cases that have had impact on children and look at the ways in which children respond to death and how adults can deal

with those responses. On the second day, participants will create a plan for a collaborative intervention in the aftermath of a homicide. They will examine their own roles and the roles of others, the challenges that agencies face, and how to bridge gaps and open communication between agencies and individuals.

Continuing Education: Up to 12 hours CE credits for Psychologists, Social Workers, MFTs, Counselors, and Nurses

Fees: \$145.00 by August 9; \$165 by September 1; and \$185 after September 1/onsite

Friday Only, September 10, 2010

5. Domestic Violence in Custody Evaluations: Keeping Children Safe

4 Hour Annual Domestic Violence Update Training for Mediators and Custody Evaluators

Date & Time: Friday, September 10, 2010 (1:30 pm – 5:30 pm)

Speakers: Linda Barnard, Ph.D.

Sponsored by: Child Abuse Solutions, Inc. and the Institute on Violence, Abuse and Trauma (IVAT)

Intermediate/Advanced

Description: California Rules of Court # 5.215 (j) (2), 5.225 (h)(1), and 5.230 (d)(2) and (g) require that all court-related mediators and court-appointed child custody evaluators receive four hours of annual update training in domestic violence. Family Code Section 1816(d) defines the curriculum for this course. Topics will include: Update of legislation regarding domestic violence; Update of current research and literature particularly related to the impact of exposure to domestic violence on children; Review of national guidelines for judges in assessing custody evaluations in cases with domestic violence; Assessment tools, resources, and information appropriate for evaluations; Case studies; New trends in the field of domestic violence and batterer treatment; Ethical issues and guidelines.

Continuing Education: Up to 4 hours CE credits (includes ethics) for Psychologists, MFTs, LCSWs, Nurses, Counselors, Attorneys, Mediators, Child Custody Evaluators, and Domestic Violence Offender Treatment Providers

Fees: \$75 by August 9; \$95 by September 1, \$105 After September 1/onsite

6. Interviewing Clients across Cultures in Cases of Child Maltreatment – 1 Day

Date & Time: Friday, September 10, 2010 (8:30am – 4:30pm)

Speakers: Lisa Aronson Fontes, Ph.D.

Sponsored by: The American Professional Society on the Abuse of Children (APSAC) and the Institute on Violence, Abuse and Trauma (IVAT)

Beginners/Intermediate/Advanced

Description: The interview is a critical tool in gathering information on child maltreatment. Yet barriers created by cultural differences can interfere with the ability to gain important information, and often lead to misunderstandings and misinformed decision making. This training will address clear-cut guidelines and strategies for taking culture into account when assessing for child abuse and neglect. Participants will learn how to build rapport with children and their families, minimize language barriers, including the effective use of interpreters, and steering

clear of common pitfalls in cross-cultural interviews.

Continuing Education: Up to 7 hours CE for Psychologists, MFTs, LCSWs, Counselors

Fees: \$95 by August 9; \$105 by September 1; \$115 after September 1/onsite

7. Creating Trauma-Informed Services for Justice Involved Women – 1 Day

Date & Time: Friday, September 10, 2010 (9:00am – 4:00pm)

Speakers: Joan Gillece, Ph.D., Tonier Cain, Warren Carol Dyer, Officer Ilyia Moore

Sponsored by: Center for Mental Health Services (CMHS) - National Center for Trauma-Informed Care and the Institute on Violence, Abuse and Trauma (IVAT)

Beginners/Intermediate/Advanced

Description: The prevalence of trauma in the lives of women involved in the justice system is widely known yet infrequently addressed. This pre-conference institute is designed for professionals, peers, or advocates interested in learning about innovative, alternative practices in correctional and community settings developed to do no more harm. The institute will provide attendees with a deeper understanding of the complexities of the lives of women in the system and an appreciation of the coping strategies often used that introduce them to the criminal justice system. Participants will hear from a warden who has successfully implemented trauma-informed practices and experienced a significant reduction in violence, a formerly incarcerated woman who received trauma treatment and has remained drug-free with no additional charges for over six years, a correctional officer who has become a firm believer in trauma awareness in corrections as well as professionals with years of experience and work in the field. Trauma-informed practice focuses on prevention and reducing the likelihood of violence, which in turn creates healthier environments for both those who work and reside in correctional and community re-entry settings.

Continuing Education: 6 hours CE credits for Psychologists, MFTs, LCSWs, Counselors, Nurses, Attorneys, and POST

Fees: \$30 by September 1; \$45 after September 1/onsite. Lunch included in fees.

8. Developing the Skill of the Forensic Advocate – 1 Day

Date & Time: Friday, September 10, 2010 (9am – 4:30 pm)

Speakers: James T. Turner, Ph.D. and Pam Howard.

Sponsored by: Institute for Police and Investigative Psychology at Alliant International University, and the Institute on Violence, Abuse and Trauma (IVAT)

Intermediate

Description: This program addresses the critical role of the forensic advocate in support of victims in the criminal justice system. You will learn four key skills. By completing this module you will receive six hours of credit towards your certification as a forensic advocate. The exciting role of advocate permeates a wide range of agencies and programs from victim-witness resources, sexual assault counseling, child and adult advocacy. The course outlines a professional approach to designing comprehensive reports/victim impact statements for court and parole boards.

Continuing Education: Up to 6 hours CEs for Attorneys, Psychologists, Social Workers, MFTs, Counselors, Domestic Violence Offender Treatment Providers and POST

Fees: \$95.00 by August 9; \$105 by September 1; \$115 after September 1/onsite

11. Addiction, Trauma, and a Developmental Process of Treatment and Recovery

Date & Time: Saturday, September 11, 2010 (9:00am-4:30pm)

Speakers: Moderator: Steven Bucky, Ph.D.; ABPP, Participants: Eddie Chiu, Ph.D., Leslie Drozd Ph.D., and Melodie Schaefer, Psy.D.

Sponsored by: The Addictions Institute at Alliant International University and the Institute on Violence, Abuse and Trauma (IVAT)

Intermediate/Advanced

Description: Presenters will focus on the use of the 12-step programs in the treatment of individuals addicted to drugs and or alcohol and their significant others, and will discuss the integration of treatment approaches for addiction and trauma. Presenters will identify types of trauma, signs and symptoms, as well as prevalence rates of trauma and PTSD within substance abusing patient populations. Also, presenters will discuss cognitive-behavioral approaches to treatment and recovery and the SMART (Self Management and Recovery Training) Recovery Program, including a description of support groups which focus on teaching participants how to build and maintain motivation, identify and cope with cravings, resolve old problems in new ways (rather than relying on addictive behavior), and build a balanced lifestyle (in order to prevent relapse). Also presented will be initial cross-cultural and international data on addictions and its relevance to treatment. Gender implications will be described. Finally, there will be a focus on specific treatment recommendations for mental health professionals, the assessment and treatment of patients with addiction, their families and trauma.

Continuing Education: Up to 6 hours CE credits for Psychologists, MFTs, LCSWs, Counselors, Nurses, and Substance Abuse Counselors, and Domestic Violence Offender Treatment Providers

Fees: \$95 by August 9; \$115 by September 1; \$130 after September 1/onsite

12. Compliance, Direction, Takedown (CDT) - Training For Life: Preventing and Escaping Physical Attacks – 1 Day

Date & Time: Saturday, September 11, 2010 (8:30 am – 5:00 pm)

Speakers: Steve Truscott and Linda Brown, M.A.

Sponsored by: Family Karate and the Institute on Violence, Abuse and Trauma (IVAT)

All Levels - This course is of importance to anyone working with victims/survivors of personal violence, abuse, and trauma.

Description: This training presents effective, liability-conscious methods of recognizing, preventing, and escaping battery. In thousands of confrontations, CDT has been effectively employed without a single permanent injury to anyone. Furthermore, no court of law has ever found someone justifiably using CDT to be liable. RELEVANCE TO CONFERENCE ATTENDEES: This workshop will demonstrate effective techniques to deflect a potentially dangerous physical situation. It will empower the attendee in assessing the threat and then dealing with it. It is a workshop from which anyone who has been abused, threatened or harmed will gain useful and powerful tools in self protection. It is useful for therapists who work with potentially harmful clients. It is also a self-care workshop for therapists.

HOW THIS SESSION IS UNIQUE: Training for Life offers both personal protection and third-party intervention skills that are both effective and limit liability. With strong predictive skills many acts of violence can be fore-stalled entirely. With strong communication skills potentially violent confrontations can be de-escalated. Combining these skills with effective, efficient, liability-conscious physical techniques can end most altercations with the least possible injury. This is a hands-on, experiential workshop where the attendee learns by doing and practicing techniques. Please wear comfortable clothes and sneakers.

Fees: \$100.00 by August 9; \$115 by September 1; \$130 after September 1/onsite

Conference Adjourns

Post-Conference Workshops

1:00pm - 5:00pm

PI Alternative Approaches to Intervention for Intimate Partner Violence Victims

Silvia Dutchevici, M.S.W., M.A., Sanctuary for Families; **Veronique Harvey, M.S.W.**, Sanctuary for Families; **Monica Roldan, M.S.W.**, Sanctuary for Families; **Rene Drumm, Ph.D.**, Southern Adventist University; **Marciana Popescu, Ph.D.**, Fordham University; **Lori Katz, Ph.D.**, VA Long Beach Healthcare System; **Sarah Davidson, M.A.**, VA Long Beach Healthcare System

Intermediate/Advanced

This session will involve three presentations addressing trauma and intimate partner violence victims. The first will discuss the findings from research studies involving what women would like to see their congregations do related to outreach services, raising awareness about intimate partner violence, and advocacy and prevention efforts. The second will discuss how race, class and gender enter into counseling interventions with intimate partner violence survivors. The third will provide an overview of meta-reframes and second-order cognitive

interventions for treating trauma. The practical application of treatment techniques will be provided, and research-based findings for violence prevention will be presented.

Continuing Education: 4 hours of CE credits for Psychologists, LCSWs, MFTs, Counselors, DVOTPs and Nurses

P2 Compassion Fatigue – Challenges & Strategies to Keep the Spirit Alive

Vivian Clecak, M.S.W., Human Options

Intermediate

This workshop will define the causes and symptoms of compassion fatigue. The main focus of the workshop will be what individual practitioners can do to prevent, identify and combat compassion fatigue and how the organization can build a structure of prevention and intervention. Experiential exercises and small group discussions will be important components of the workshop.

Continuing Education: 4 hours of CE credits for Psychologists, LCSWs, MFTs, Counselors, and Nurses

P3 Ethical & Legal Issues in Mental Health Practice

Steven F. Bucky, Ph.D., ABPP – Moderator, Alliant International University, California School of Professional Psychology; Sylvie Marques, Ph.D., University of San Diego; O. Brandt Caudill, J.D., Callahan, McCune & Willis

Intermediate/Advanced

This workshop focuses on advanced ethical practice for mental health practitioners, describing enforceable standards and aspirational principles for mental health professionals. The presentation emphasizes: (1) five general principles that are relevant to all mental health professionals; (2) an ethical decision-making process when faced with potential ethical, legal, clinical dilemmas; and (3) those specific ethical principles in which mental health professionals are accused within civil lawsuits, ethics and licensing board complaints. Consultation, record keeping and informed consent are also discussed. A section of this presentation focuses on high risk clinical situations, high-risk patients, with examples from malpractice cases filed against mental health professionals. Another section focuses on mismanagement and courtroom processes (such as negligence that often emerges during malpractice legal cases) and standards of care. There will be a section on ethical issues faced by clinical supervisors and ethical and legal issues commonly faced within academic institutions. There will also be a discussion of HIPAA, evaluating dangerousness, and the need for professional boundaries.

Continuing Education: 4 hours of CE credits for Psychologists, LCSWs, MFTs, Counselors, and Nurses (meets 4 hrs of Ethics requirements)

P4 The Collaborative Stage Model: A Blueprint for Healing from Complex Trauma

Mary Jo Barrett, M.S.W., Center for Contextual Change

Advanced

This workshop will present a practical three stage contextual model for working with individuals and families, adults and children who have experienced Complex Developmental Trauma. In Stage One, you'll learn how to create the context for treatment through assessing strengths and vulnerabilities, creating safety and the importance of acknowledgement. In Stage Two, the action mode, the focus is on which techniques and interventions to use for particular symptomatic patterns of behaviors and feelings. Stage Three, will focus on relapse prevention and the reunification process. You'll come away with a realistic and practical method to organize your treatment that will enable you to handle a wide range of therapeutic situations that is applicable to your own theoretical model for change and applicable to your work setting; private or public.

Continuing Education: 4 hours of CE credits for Psychologists, LCSWs, MFTs, Counselors and Attorneys

P5 Suicide: What Every Professional Should Know

Lisa Firestone, Ph.D., The Glendon Association

Intermediate

There is a clear need for training in the management and treatment of suicidal clients. This workshop addresses this need by providing in-depth understanding of the dynamics underlying suicide, a variety of treatment approaches, assessment strategies, and an understanding of the legal, ethical and case management issues when dealing with suicidal clients.

Continuing Education: 4 hours of CE credits for Psychologists, LCSWs, MFTs, Counselors, and Nurses

P6 Medication, Meaning & Context: Psychopharmacology for Trauma

Joyce Braak, M.D., Institute for Research on Women's Health

Intermediate

This workshop describes various medications for use with trauma patients and victims of family violence with different trauma diagnoses, compares and contrasts current regimens that have been recommended, and discusses side-effect profiles. The prescription of psychoactive and anti-depressant drugs for trauma survivors is more complex than pharmacology and physiology. In the societal, political and legal spheres, stigmas and discrimination are often the reflex reaction. This workshop presents both the pharmacological as well as psychological and political dimensions.

Continuing Education: 4 hours of CE credits for Psychologists, LCSWs, MFTs, Counselors, Physicians, and Nurses

P7 Treatment Issues & Techniques Related to Deployment, Trauma & PTSD for Military Personnel & Their Families

David Riggs, Ph.D., Uniformed Services University of the Health Sciences; Michelle Sherman, Ph.D., Family Mental Health, Oklahoma City VA Medical Center; Stephen Cozza, M.D., COL, U.S. Army (ret.), Center for the Study of Traumatic Stress, Uniformed Services University of the Health Sciences

Intermediate/Advanced

This workshop will provide mental health providers and others with an overview of the impact of the deployment cycle on the Service member and family unit. It explores the unique experiences that Service members and their spouses and children face across the deployment cycle by examining research findings and psychosocial stressors associated with stages of the deployment cycle. Strategies for promoting family resilience during separations and reunions are discussed. The effects of trauma and Post Traumatic Stress Disorder (PTSD) will also be addressed and evidence-based approaches to treat it, including Prolonged Exposure (PE) and Cognitive Processing Therapy (CPT) will be reviewed. Special attention is given to the theoretical underpinnings of PE and CPT and how these protocols in particular address obstacles to the normal recovery process in individuals with PTSD, including military personnel. General issues and individual treatments, couple and family issues and treatments and child issues and treatments will all be addressed.

Continuing Education: 4 hours of CE credits for Psychologists, LCSWs, MFTs, Counselors, and Nurses

The Institute on Violence, Abuse & Trauma at Alliant International University

The Institute on Violence, Abuse & Trauma (IVAT), which works with the Family Violence & Sexual Assault Institute (FVSAI), is a nonprofit international training & resource center. The mission of the IVAT is to improve the quality of life for those affected by violence, abuse and trauma on local, national and international levels. This can best be accomplished through enhancing professional collaborations, conducting research and trainings, disseminating key information and providing meaningful resources and direct services to those in need. IVAT and FVSAI have been recognized for providing quality training, education, consultation, publications and resource materials for over 25 years.

Alliant International University

Alliant International University is a dynamic institution, born through the merger of the California School of Professional Psychology and United States International University. The integration of these institutions brings together a unique set of faculty, staff, students and academic resources to create a full-spectrum international university, with undergraduate and graduate programs in business, education, liberal arts and psychology. A professional practice university with an applied social justice emphasis composes the unique qualities of Alliant.

Children's Institute, Inc.

children's institute, inc.
safe children, strong families, healthy communities

Since its founding nearly a century ago as a shelter for single mothers and their babies, Children's Institute, Inc. (CII) has evolved into an internationally recognized model of comprehensive care and assistance.

The CII mission is to promote the well being of vulnerable children by healing those harmed by abuse and neglect; helping families provide safe, nurturing homes and the resources that their children need to thrive; and by advancing innovative programs and policies that contribute to the welfare of children. In addition to providing direct services, CII has trained more than 50,000 professionals.

National Partnership to End Interpersonal Violence Across the Lifespan (NPEIV)

The NPEIV is an overarching group of organizations, agencies, coalitions, and groups that embraces a national, multi-disciplinary and multicultural commitment to violence prevention across the lifespan. The newly formed organization is committed to reducing interpersonal violence and its consequences through scientific research and application of empirical findings. Through its many partnerships and collaborations, the NPEIV is beginning to make great strides in pursuing this goal and achieving its objective of becoming an umbrella partnership of the many organizations, agencies, and advocates/victims working to end interpersonal violence in the US.

Family Violence & Sexual Assault Institute (FVSAI)

The Family Violence & Sexual Assault Institute is a nonprofit international training and resource center. The mission of FVSAI is to improve the quality of life for all individuals by disseminating vital information & improving networking among professionals that promote violence-free living. FVSAI provides clinical & forensic services, consultation and program evaluation to individuals, families, agencies, attorneys and courts.
