Screening of

# An Age for Justice:

## Confronting Elder Abuse in America

June 15 is World Elder Abuse Awareness Day, a time to raise awareness of the cultural, social, economic and demographic factors that affect elder abuse, neglect and exploitation. Floridians are encouraged to wear purple clothing or ribbons on June 15.

In conjunction with World Elder Abuse Awareness Day, the Department of Elder Affairs is hosting free public screenings of the short film *An Age for Justice: Confronting Elder Abuse in America*. This film is part of a nationwide effort to increase public awareness of elder abuse in America and to give elders and advocates a voice for needed policy changes.

Five public screenings:
